MISSIONARY FAMILY

It is very worrying to know that there are so many people that feel lonely, sad and apprehensive because they not know the LORD. It is our duty to pray and shout out to the lord so they could obtain the peace that only GOD gives us and surpasses all understanding. We must trust only on HIM and not in earthly treasures. We must

persevere on the safety we can only find in heaven, because there is no way we can find that on this sinful and corrupted world. As a family, we develop our faith in our creator and fulfill his mission, which is to bring service to the kids at “Albergue Infantil el Amparo” and share the good news to anyone the LORD put in our way.

AND WE KNOW THAT ALL THINGS WORK TOGETHER FOR GOOD TO THOSE WHO LOVE GOD, TO THOSE WHO ARE THE CALLED ACCORDING TO HIS PURPOSE. ROMANS 8:28 (NKJV)

Does it say “all things”? Yes, it says “all things”. But that doesn’t mean that only “good” and pleasant things would happen to us, since we live in a fallen world, the “bad” and unpleasant is up to rise. It is worth noting that GOD, in his power and sovereignty, can turn everything around; but we are sure that HE is not here for our pleasure, but to fulfill HIS purpose on us. It is our duty to accept our circumstances, even if its pain or misfortune, as we are living on today with COVID-19. Specially, in Peru, where corruption has caused a great mismanagement on health security, as it affected a 75 year-old man, that because of the lack of attention, he died at the door of a health center in Chacacayo (in the picture), just a few blocks away from our home. To all of this, we must ensure ourselves that is on GOD where we had put our trust, not on men.

JEHOVA ROSHI

The LORD is my shepherd. He gave his life for us, he is our protector, provider, guide and cares of his people.

We can only trust him.

“Nine-tenths of the difficulties are overcome when our hearts are ready to do the Lord’s will, whatever it may be”.

George Müller¹

BREAKFASTS

The kids had surprised us several times by making breakfast, and attending us on the weekends, since they would be in charge of preparing the food and the table for everyone at home.

It filled us with pride to see them in action, since that is a reflection of GOD’s love.

SCHOOL ACTIVITIES

Because of this health emergency, the kids keep their school activities at home. Which has required us to adapt our infrastructure to be up to date with the requirements for all of them to have virtual lessons.

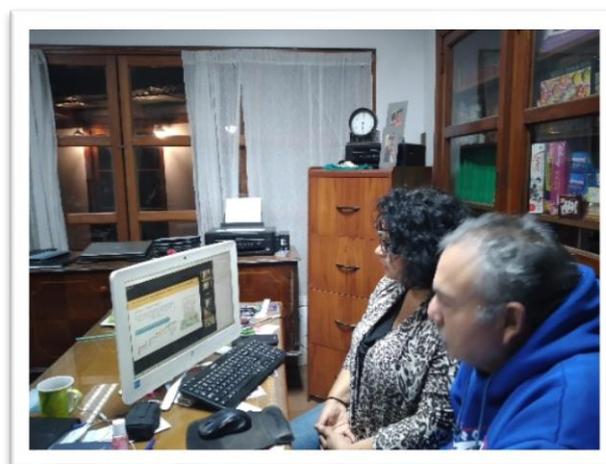

Also, Maria Gracia has been developing the gifts and talents the SPIRITU had given her through teaching our elementary school kids, since they need more attention.

On the other hand, we have seen on the oldest kids' great adaptability towards this new tools that has been integrated on their studies, like participating on video-conferences for the lessons and using

computers in almost every aspect of school activities.

GOVERNMENT'S VIRTUAL WORKSHOPS

Multiple times a week, Patricia and me has workshops, mandated and organized by the government to keep us up to date with new legislation and norms, and important topics related to the administration of "Children's Houses". Because political instability in our country, there has been several changes, so it's demanding us a bigger responsibility.

PHYSICAL ACTIVITIES

As a stress relieving method, caused by the confinement, Patricia has been developing physical activities with the kids.

DAILY DEVOTIONALS

We cannot stop studying GOD's word, since it is the only weapon that support and encourage us. We continue our morning devotionals at 6:30 am, while studying Proverbs, at the beginning of our daily schedule; and on Sundays, we study the Gospel of John.
